

Please:

- Structure the abstract with three headings per the attached guidelines (Purpose of Review, Recent Findings, Summary)

- Include a Key References section directly after the conclusion, featuring a few of the most important citations along with accompanying annotations (see image below)

- Include a funding statement

- Include a Human and Animal Rights and Informed Consent statement, which can be copied directly from the guidelines. ("This article does not contain any studies with human or animal subjects performed by any of the authors." If applicable)

We have addressed these issues!
